## SHORT BIO (FOR EVENT PROGRAMMES)

Dr. Muhammad Fathy Muhammad is a senior banking-technology executive — GM & Head of Technology Services at a major Egyptian bank — and CEO & Founder of the FeTo executive-intelligence platform. With 25+ years in Arab banking technology, he led the first private cloud in MENA finance, achieved PCI-DSS 4.0.1 certification, and scaled a 150-engineer organization. He is the architect of the Resilience-First Doctrine. IDC Excellence Award 2025. Entrepreneur Insights cover feature. LEAP speaker. Published author. 75K+ LinkedIn followers. Sessions available in Arabic and English.

## TECHNICAL REQUIREMENTS

- Stage microphone (lapel or handheld) · Podium optional
- Full HD display or projector · Slide deck provided 48 hrs before event
- High-resolution headshot and bio provided on confirmation
